vs. }
EMILY R. GRINSTEAD, }
Defendant. }

ON the 1st day of November, A. D. 1848, the said complainant filed in the Clerk's office of the Henry Circuit Court, a Petition for a Divorce, alleging that his wife, the said Emily R. Grinstead, wilfully left his bed, board and house, and abandoned and willfully deserted and absented herself from the said Petitioner, without a reasonable cause, for two years and more, which facts so alleged have been duly sworn to according to law, and also that the said Petitioner has filed an affidavit showing that said Emily R. Grinstead is not a resident of this State.

Therefore it is ordered that the said Emily R. Grinstead be notified that unless she be and appear before the Honorable Judge of our Henry Circuit Court, at the Court House in the town of Clinton, in Henry county, on the first day of the next term of our said Court, which will be begun and held on the fifth Monday after the fourth Monday in March next, and within the first six days of said term, if the term so long continue, and if not, then before the end of the term, plead, demur, or answer to said petition, the same will be taken as confessed, and a decree entered according to the prayer of said Petitioner.

Wonderful! Extraordinary!! & Miraculous!!!

CONSUMPTION CAN BE CURED!—And we defy the whole world to produce such strong and undoubted testimony from men of such high standing as we have, in favor of **DR. ROGERS' LIVERWORT AND TAR**, in curing consumption, and breaking up the most distressing cough in a few hours time.

Coughs, Croup, Hoarseness, &c.—There is Hope, even for the Dying!

This is to certify that some time since, I was taken with a pain in my side and breast; I called in the aid of several physicians, but they failed to give me any relief, and for the space of one year I grew rapidly worse. In addition to this, I was attacked with a violent cough; although an excellent physician lived in the same house, and used the greatest exertion, and paid the strictest attention, it baffled all his skill—two others were called in, one of which was an aged and skillful physician, but all their efforts proved alike unavailing. At last, a physician who was attending a case meeting in the neighborhood, came to see me, and declared that I could not last more than one day longer; also, all the vast number who came to see me, believed that a few days at most would end my earthly career. My friends were now called in to see me die! But my brother, at this crisis, (hearing of the astonishing cures performed by Dr. Rogers' Compound Syrup of Liverwort and Tar,) went to Chillicothe and back, a distance of sixty miles, in thirteen hours, to get some of the above medicine; I commenced taking it, and strange to tell, before I had used half a bottle, the cough was entirely cured; from this time I recovered rapidly, and when I had used two bottles, I was able to assume my family avocations as usual. I am fully satisfied that if it had not been for this excellent medicine, I would now be in my grave, and most, in justice, say that I truly return my sincere thanks to the inventor of this priceless medicine, and would recommend all persons afflicted with diseased lungs, to give it a trial.

DR. WISTAR'S BALSAM OF WILD CHERRY.

OLD VIRGINIA AGONY!

Albemarle Co., Va.

March 21, 1847.

Mr. Seth W. Fowle—Dear Sir:—I take pleasure in stating to you my experience in the use of Wistar's Balsam of Wild Cherry.

I own a very valuable negro girl, who was attacked with a difficulty of the lungs, which brought her in appearance to the brink of the grave. I consulted some of our best physicians, who pronounced her case incurable, or that they could do no more for her. I tried many remedies, but none did any good. I saw some account of Wistar's Balsam, and thought I would try it, but had little faith in it. I procured a bottle, which was administered according to directions, and I saw she began to mend; and before the first bottle was gone she was up. I procured a second bottle, and she took that, and now she is, I think, cured, or nearly so. She attends to her daily labor, and I hear no complaints from her.

R. L. JEFFERSON.

Consumptive Patient.—Will please read the following statement from the Harrison Gazette:—The credulous are invited to read the following note from Rev. Mr. Coldron, whose character for truth and veracity is above suspicion, and have their doubts dispelled to the superiority of Wistar's Balsam of Wild Cherry, over all other remedies now before the public of the same character:

CORYDON, Ind., Jan. 28, 1848.

It is no less a duty than a pleasure to state, for the benefit of the afflicted, that I consider Wistar's Balsam of Wild Cherry a great blessing to the human race.

Having tried it in a case of severe affliction of the lungs, I unhesitatingly recommend it to those similarly afflicted, as the best remedy I have ever tried, and one which cured me when physicians said I must die, and when I thought myself that my time to depart was near at hand.

WM. COLDRON.

CAUTION.—To guard against a spurious imitation of Wistar's Balsam, put up in Philadelphia by one W. M. Spear, the genuine has the names of Henry Wistar, M. D., Philadelphia, and Sanford & Park on the fine steel engraved wrapper—without both of these names, it is positively COUNTERFEIT.

HENRY BLAKESLEY & Co., S. W. corner of 3d and Chesnut streets, sells the above medicine. Price \$1 per bottle.

Sold also by **BROWN & DUNN, Warsaw,** **COX & McCLAIN, Osceola,** **R. J. McELHANEY,**

and upon inquiry—observing strictly the above caution—may be found in every town throughout the State.

The Great POPULAR MEDICINE

Of the Day—Vast amount used per month

—The numerous and wonderful cures it effects—Its magical effects upon Bilious Fevers and Fever and Ague—Great Excitement among the Doctors.

THE INDIAN QUEEN VEGETABLE

Sugar Coated Pills are now admitted, on all hands, to be the most extraordinary and valuable medicine in general use.

It not only acts as a specific upon the Bilious and Typhus Fevers, Chills and Fever, and Fever and ague of the west and south, but in all diseases of debility, weak stomach, indigestion, loss of appetite, impurity of the blood, and all diseases prevalent in a western and south-western climate.

Their great power consists in their peculiar effect upon all the organs of the system, and the rapid formation of new and rich blood, which they produce. In this lies the great secret of their success.

They are mild and pleasant in their action, but searching and permanent in their effect, penetrating the remotest recesses of the system, by their ready absorption into the blood, thereby infusing a new supply of vitality and nervous power into all the machinery of life. The extensive popularity they have acquired all over the west and south, ensures the sales of at least

Fifty thousand Boxes a month.

And we find it difficult, with our large force of hands, and the late improvements in machinery, which we have adopted, to manufacture them fast enough to supply the demand in the thirteen western and southern States. One large manufactory is constantly engaged in preparing the various concentrated extracts of which they are composed. From the best information we can obtain from our 8,000 selling agents and hosts of attentive correspondents in all parts of the country, our medicine cures, per month, not less than

10,000 cases of Fever and ague, (1000 of which resisted all other treatment;

4,500 cases of bilious fever;

5,300 cases of weakness & general debility;

2,500 cases of various chronic diseases;

1,000 cases of weak stomach and loss of appetite;

800 cases of dyspepsia;

1,200 cases of rheumatism;

1,000 cases of female complaints;

1,200 cases of ague cake, or enlarged spleen;

1,500 cases of liver complaint;

500 cases of scarlet fever;

400 cases of typhus fever;

300 cases of sore throat.

This must appear almost incredible, but the numerous letters from physicians, agents and those who use the medicine, from all the western and southern States, satisfy us that this is a moderate estimate, and that our medicine is rapidly taking the place of the various sugar coated counterfeits, which are afloat, and the numerous tonic mixtures, made wholly of quinine, which are imposed upon the public by manufacturers who live, nobody knows where!

Dr. Bragg's famous Sugar Coated Indian Queen Vegetable Pills, are of two kinds—the Cathartic and Tonic. The Tonic Pills are peculiarly adapted to the quick and permanent cure of Fever and ague, Torpor of the Liver, and General Debility. It is in fever and ague, chills, fever, &c., that they achieve their greatest triumphs. It rarely requires over 12 hours, or more than half a box of the Tonic Pills, to break the chills and effect a permanent cure—which is rarely the case with the tonic mixtures of quinine, hawked about the country by ignorant pretenders. Those who take the Tonic Pills once will never forsake them.

Who can wonder, then, that a medicine of such extensive popularity and extraordinary virtues should cause great

Excitement among the Doctors!

The prejudices of physicians against their use are at last giving way to the play of reason, and the convictions of every day experience which they derive from their patients and friends who use them.

Doctors are now almost every day sending orders from every part of the country, for a supply of the Pills, to use in their practice.

WILLIAM M. CHICAGO, Adm'r. of the Estate of John H. Smallman, dec'd.

The Estate of John H. Smallman.

Probate Court of Polk County, December Term, 1848.

NOW at this day came Wm. M. Griggs, Administrator of the estate of John H. Smallman, dec'd., and herein files his petition, alleging that the personal estate of said dec'd., is insufficient to pay the debts of said dec'd., and praying for the sale of real estate. Said petition was verified by oath as the law directs, and accompanied by a true account of his administration, a list of the debts due to and by the dec'd., and remaining unpaid, and an inventory of said real estate, and the assets in the hands of the said administrator.

It is therefore ordered by the Court, that all persons interested be notified thereof, by publication in some newspaper printed in this State for six weeks, that unless the contrary be shown on the first day of next term of this Court, to be begun and held at the Court-house in the town of Bolivar, on the first Monday of March, A. D. 1849, an order will be made for the sale of the whole or so much of said real estate as will pay the debts of said dec'd.
